HAVING been consulted by numerous citizens of Raleigh on the ensuing election for Mayor of the City, and finding that there does exist a great dissatisfaction with regard to the present incumbent, and after being strongly solicited, I have consented and do through this medium announce myself as an **independent Republican candidate** for the Mayoralty, of the City of Raleigh for the year 1870. I will say no more at present, hoping that a favorable opportunity may be presented for me to address my fellow citizens on this subject.

A STANDARD HISTORY BY

GEN. LEE.

A Work of National and Permanent Value.

MEMOIRS OF THE WAR,

By Gen. Henry Lee.

("LIGHT HORSE HARRY")

Thoroughly Revised and Annotated, BY GEN. ROBERT E. LEE.

WHO HAS ADDED A FULL BIOGRAPHY OF HIS FATHER,

1 vol. octavo, 640 pages, with new Steel Portraits of Gen. Henry Lee, Gen. Robert E. Lee, and Gen. Nathaniel Greene; beautiful Steel Engravings of "Marion Crossing the Pedee," and the "encampment of Cornwallis;" Maps of the Siege of Charleston, S. C; the Siege of Yorktown, Va., the Battle fought near Camden; the Battle of Guilford; the Battle of Hobkirk's Hill; and a sketch of Gen. Henry Lee's residence.

This admirable history of the operations of the American Armies during the Revolutionary War in the Southern Department of the United States, is the standard work on the subject of which it treats; and this new edition, revised, corrected, and enlarged by Gen. Robert E. Lee, the distinguished son of the author, and embellished by elegant Engravings, and original Maps never before published, is a volume of the highest value to every intelligent person.

This history has been for a long time out of print, and because of its accuracy as a history of that interesting period and that there was no work to supply its place, it was much sought for and a new edition demanded.

It is seldom that a historical work by a distinguished author has the advantage of a revision by so distinguished a son, and both of them great military leaders in the same section of the country.

Gen. Lee receives A LARGE COPYRIGHT UPON EVERY COPY OF THE BOOK SOLD. Sold only by subscription.

PRICE:—Handsomely bound in Cloth, $4.00.

JOSIAH TURNER, Jr., EDITOR.

THURSDAY, DECEMBER 23, 1869.

WHAT WILL BE OUR SITUATION.

We ask the people of North Carolina, what will be our situation, if Sheffner's iniquitous militia bill shall become a law.—The life, property, and liberty of the citizen are now in the custody and keeping of the constitution, but let this bill become a law, and the Constitution lies prostrate in the dust under the feet of a faction.

No people ever made a voluntary surrender of their constitutional rights and privileges, whether to Cæsar, Napoleon, Lincoln or Davis, without detriment and danger to themselves. Such unwise and base surrender has always been followed by acts of proscription and oppression—confiscation, banishment and death.

We call upon the people to remember what they suffered during the late war by the suspension of the *habeas corpus*. Men and women were arrested, imprisoned, banished, and hung or shot, with as little concern as would now be felt to hang or shoot a worthless cur.

Mrs. Suratt was hung, under a suspension of the writ of *habeas corpus*, but now believed by every body to have been *murdered*. Judge Rodman, under a suspension of this great writ of right, murdered his neighbors' children by the wholesale. No jury was allowed to pass upon their guilt or innocence, but under his bloody sentence, the victim was placed on his own coffin, and launched thence into eternity by the hands of his comrades, perhaps the playmates of his school-boy days.

But there was the excuse of a "state of war," for these outrages. This excuse does not exist now. There is no organized resistance to officers of the law, nor to the execution of the law. We are said to be living under constitution and laws, in a time and state of peace. We have the grand inquests provided by the constitution to inquire into and ferret out crimes, and this under oath. We have emerged from a state of war, woe and ruin, in which the constitution and the writ of *habeas corpus* were dead letters, and the lives and the property of the people were at the mercy of irresponsible military despots, such as Rodman, Cantwell, and many others. Shall we now sit supinely, with our hands folded and our mouths closed, and allow a weak, wicked and cowardly Executive, backed by a secret, corrupt, political faction, to bring back all theese horrors and darkness upon us, by suspending the writ of *habeas corpus*, in the face of the Constitution, and to have citizens, arrested without affidavit, and taken from one county to another, and even to distant counties, by military instead of civil officers, for trial?

We appeal to the recent experiance, the patriotism, the virtue and the good sense of the people, to lift their voices against the stupendous outrage. Remember the conduct of your ancestors before the thirteen colonies had attained to the dignity of States; before King George had actually invaded their rights, but only claimed the right to invade. At first they remonstrated, and with their "best talents and services," calmly defended their rights, and when this course failed, they arose as one man, and periled their all in defence of life, liberty, property and homes.

Their conduct is worthy the imitation of their descendants.

The people may submit to the iniquitous usurpation of Gov. Holden and the Legislature, in the passage of the bill. They have well nigh had the spirit of patriotism and manhood crushed out of them by the tyranny and oppression of mercenary strangers and native isgrates, backed by bayonets; but the time was never before in North Carolina when such an iniquity could have been proposed and passed in the Legislature without remonstrance and warning. But federal bayonets and federal money have done much toward breaking the spirit of the people, and, perhaps, no public meeting may be called to lift a voice against this last effort to degrade, humiliate and grind our citizens into dust.

Are the people of the State blind, or heedless, or indifferent in regard to this bold stride to strip them of their liberty and place them helplessly at the mercy of a man who hates them? What keeps the city—the Capital of the State, so quiet?—Is it cupidity or fear? Is it the fear that Pike will cry out "treason," through the *Standard*? Is it the base and sordid hope of mercy or favor to be received, in consideration of submission to a rank usurpation of power at the expense of the Constitution?

We call upon the people in every county in the State; in Wake; in Raleigh, to meet together peaceably, discuss the subject calmly, and give expression to their views in regard to it. Such a course may have a beneficial effect, and cause those who seem blindly and fatally bent on mischief, to pause before consummating the monstrous enormity.

This measure—this militia bill—was sprung suddenly—introduced just before the recess, when there was barely a quorum of members of the General Assembly in either House, and was attempted to be rushed through before the people could even have notice that such a thing was in agitation. Gov. Holden sent his special message on the subject to the Senate on Friday morning; the bill was immediately introduced, ready cut and dried in caucus, and passed, under the gag of the previous question before three o'clock. On Saturday morning it came up in the House, and the attempt made to rush it through in the same way. But it was "scotched," and had to be postponed until after the recess.

By its failure to pass the House, the people have time to look into it and consider it. Will they do it? The time is short; whatever is done must be done quickly.

The bill may be passed and no public meetings of citizens raise a voice against it. But this will be no sign of acquiescence. And this the movers in the matter may be assured of; but the resistance instead of manly, open remonstrance, will be of a character, deplorable in its nature and disastrous to the best interests of the State.

OUR CIVIL OFFICERS.

Obedience to law, on the part of the people of any country, springs from one of two motives; either the fear of incurring its penalties, as in despotic countries, or love for its institutions, as should be the case in our own country. This latter motive, however, cannot long exist unless the character of those who administer the laws is such as to inspire respect.

Taking these truisms as admitted, is it any wonder that people in this State are becoming indifferent to, if not disgusted with, everything pertaining to the administration of public affairs, if not imbibing an utter contempt for the whole governmental machinery, when they see what sort of men are selected as its exponents and executors?

Below we give a specimen of a warrant issued by a J. P. of Bertie county. If such specimens were isolated and of rare appearance, we should not think it worth noticing. But we declare it as our firm conviction that this Justice of the Peace is a fair average specimen of one-third, if not one half, of that class of officers in this State. We give the specimen as exactly as type can be made to represent manuscript, including in parenthesis words crossed out in the original:

THE WAR BILL.

We hardly deem it necessary to apologize for the space devoted to the Legislative proceedings is to-day's issue. It covers the debate upon one of the most important measures which ever occupied the attention of that body. It will be seen that the bill rushed through the Senate at breakneck speed on Thurday, and forced upon the House on the succeeding day, gives the Governor the power to declare counties in a state of insurrection, and with the consent of the President of the United States, to suspend the writ of *habeas corpus*. A bill of such grave import, placing the rights of property and person at the mercy of one man, is hurried through one body of the Legislature in an hour or two, under the parliamentary gag, and is violently pressed upon the other House upon the succeeding day, and only fails to become a law of the State by the Democrats, with two Republicans, Messrs. Ames, of Lenoir, and Harris, of Franklin, absenting themselves.

Look at the provisions of the bill. It empowers the Governor at his own option to declare any county in a state of war and place it under martial law. It gives him power to call out the whole military force of the State and to ask for aid from the President of the United States. It places the entire Treasury of the State at his disposal. It looks to a suspension of the *habeas corpus*, upon the application of this same man. It also authorizes Solicitors at their pleasure to remove the trial of any prisoner from his own county to any other county in the State, however distant. The sacred right guaranteed by the Common Law of a trial by one's peers taken from the vicinage, is to be denied to our citizens. "And thus you strike down another sacred guarantee of Anglo Saxon law," says Senator Robbins in his speech against the passage of this iniquity "old as the days of Alfred. Select your county, pack your jury, seat your Jeffries on the bench, and then we shall gloriously repeat the 'bloody assizes' which desolated the South of England after Sedgemoor; while here at the Capital sits your James the Second, and gloats over his helpless victims."

The reckless haste with which the bill was rushed through the Senate displays the bitter partisanship with which it is ladened. We have seen how that same body has spent days in discussing the merits of the most insignificant and unimportant measures, as if for no other purpose than to add to their *per diem*, while a bill pregnant with the most vital consequences is rushed through in a less number of hours.

If Governor Holden and his cowardly partizans desire to plunge this State into anarchy and bloodshed, they have the power to do so, but may God in his mercy cause them to be the carkas victims of their own wickedness and crime.—*Wilmington Journal.*

DE LESSEPS.—The lady to whom M. de Lesseps has just been married, was latterly known in Egypt as the "Rose of Sharon," in commemoration of the mode in which he asked for her hand. He brought her a flower from Suez. On this flower being twisted in the fingers by any one, it was understood to halo out and disclose in the centre of the blossom the holder's future consort. M. de Lesseps is related to have given his lady love this flower, asking her whom she saw in its frail leaves. The lady very soon said, "You!" and so the matter was settled. These flowers will doubtless be soon on sale in Covent Garden Market. They would be exceeding useful to the bashful "popper."

The Spaniards in New York felicitate themselves with the belief that the President released the gunboats because he feared a war with Spain.

BEE CULTURE.

A paper read before the N. C. Agricultural Society, during the Annual Fair of 1869:

In submitting, for examination, to the Judges on Bees, and to the public, at the State Fair, several stocks of Bees, native and Italians, in the very best modern improved movable comb hives, the undersigned have thought it proper and becoming, also, to make a written report, giving, in brief, our experience and the success which has attended our efforts in developing this much neglected yet highly interesting branch of Agricultural pursuit. In the spring of 1867, we commenced with some eight or ten stocks of common black Bees, in the old fashioned box hive. We transferred these during the summer into the Langstroth Movable Comb Hive. We then procured two Italian queens from the Apiary of A. Gray, in Reilly, Butler City, Ohio, which proved to be very fine stock, and we Italianized the most of them during the season, before winter set in. The season of 1867 was, however, very unfavorable for bees. There were few resources of honey that year. The continued wet prevented any secretion in the flowers, and the wet prevented the honey-dew. There was very little swarming, and they made a bare sufficiency. Then, however, we saw the first indication of the superiority of the Italian stocks. Standing side by side with the same resources of nature accessible to both, the Italians doubled and tripled the stores of the natives. During the late fall pasturage, two stocks in particular that were Hybrids, so fitted up, that by estimation they must have contained between three and four gallons of honey apiece.—The black bees, on the contrary, were so light that it was scarcely possible on lifting a hive, to tell whether it was empty or inhabited. We winter our bees successfully in winter quarters, but lost a few stocks, principally from queenlessness in the spring and most of them in box hives,—the remedy to them was inapplicable by us. The opening of the spring of 1868, was very unfavorable for bees, owing to the late spring, heavy frost, and continued wet and cold.—Up to the end of May, we had to subsist three fourths of our stock by feeding. Being unable to buy any more honey for that purpose, we resorted to cheap brown sugar, which answered the purpose very well. In this way we saved nearly all our stock, whereas, where feeding was not resorted to in our section of country, at least two-thirds of the bees died of starvation before the season changed. About the end of May the weather turned warm and dry, and the bees had a very good harvest of honey-dew for about four weeks, and they all made good use of it, and nearly filled up very heavy, and late in the season, say the end of June up to the middle of July, we had a goodly number of natural swarms, and we made some artificial swarms. We put into winter quarters the last week in November about fifty stocks, in a very good condition as to stores. The lightest hive contained thirteen pounds of stores, exclusive of hive frames and bees, and the heaviest was about fifty pounds, the average being about thirty pounds each.

Our bees were housed in winter quarters, which is a dry dark cellar with ventilation provided to carry off moisture and we weighed them all when put in, and on the 15th of February we took them out and put them again upon their summer stands. We weighed them again on taking them out, and the decrease in weight by consumption of stores varied from one pound to three and a quarter pounds each. Had they been left upon their summer stands during the winter, we estimate they would have required, (in these two and a half months) at least ten pounds of honey additional apiece. Upon taking out the stocks on the 15th of February, we found young brood hatched and even young Italian drones, crawling about some of the hives. We believe that in wister quarters Italians will commence breeding directly after New Year. The spring of the present year was quite favorable and the bees increased in brood rapidly. We had the first swarm on the ninth of April, and before the first of May had some half a dozen more. One Italian swarmed the first time on the 20th of April and swarmed twice again after that, throwing the third swarm on the 12th of May. Notwithstanding the old stock was very much weakened by swarming so often, yet it fully recovered and refilled its hive with honey and bees and filled surplus boxes on top to the amount of thirty eight pounds. The third swarm filled its hive, and yielded thirty pounds of surplus honey. The first swarm of these swarmed again twice, and each swarm filled its hive. The second swarm was hived on the morning of the fourth of July, and in ten days time it had its hive completely filled. We consider the honey obtained from these six hives collectively, and the value of the increase of the six stocks from one in the spring as worth to us the sum of eighty dollars. From one hive which we kept from swarming, we obtained one hundred pounds of surplus honey. We had during the past season between 70 and 80 swarms. Only 35 of our stocks swarmed. The rest either were kept from swarming or were in no condition to swarm. The greater part of these non-swarming hives were the black bees. Out of the number of swarms there were about fifty No. 1. swarms. The many small late after swarms we used in small hives for queen raising in the latter part of the season, and will either consolidate them this fall, or break them up entirely, and save the comb for next season. During the past season we Italianized the most of our impure or Hybrid stocks, and will we apprehend, after this season have very little trouble by way of Hybridizing. The gross result of this years bee operation is about this. We obtained 1560 lbs., of surplus honey which we are selling, at 25 cts per pound, which would amount to $375,00.—The increase of stock 50 hives we estimate as stock to us to be worth $10,00 per stock making the sum 500,00. From both sources the gross amount of $875,00. I omitted to mention in its proper place, that part of this increase was obtained by natural swarming, and part by artificial swarming, or dividing. Each practice has its certain advantages, and disadvantages. At one time during the season natural swarming may be preferred, and at another or late period it is a great advantage to swarm or divide artificially. This must depend altogether upon the judgment and experience of the practical bee keeper.

In conclusion we would say to all friends of these industrious little insects, give them a fair trial, based upon enlightened and human principles, dispensing with the old fashion cruel way of brimstoning a portion of them in the fall to get their stores of honey. If the bees increase too fast, they can be consolidated two into one, and the entire contents of one hive taken, or part of each, viz: the brood portions could be combined into one. The subsistance of the bees cost nothing. Nature furnishes their supplies at free cost. What we have done by way of experiment could be multiplied a hundred times in every county in North Carolina.

The question has often been propounded, "can a section of country be overstocked?" We think not. During a season dry enough to create honey-dew, which is their main resource during the month of July, a thousand stands would be supplied as well as a few. In Germany, which is the great seat of Bee keeping, there are districts of country, where according to the census report, there are kept two thousand stands to the square mile. There they have an annual Bee Congress or Convention of Bee Keepers, composed of Bee Keepers from all parts of Europe. In the last convention there were 375 noted Bee Keepers in Europe, who took part, in which the renowned Dzierson, the most distinguished Apiarian living at the present day, presided. In Germany there are four journals published devoted entirely to the bee subject. It may be known to very few that in this country we have a monthly journal devoted entirely to the subject, viz: The American Bee Journal, published by Samuel Wagner, in Washington, D. C., a German by birth, and who is a practical Bee Keeper, and thoroughly conversant with the whole subject. We would bespeak for him and his journal, that patronage which he so richly merits. That is a journal open for contributions and queries from all parts of the United States. We would also strongly recommend to bee keepers the procuring of standard works on bee keeping, as for instance the work "Langstroth," on the hive and honey bee, and also, Quinby's Mysteries of bee keeping. No one, who takes any interest at all in bees can fail to make himself thoroughly self-informed upon the subject. It was from these works that we obtained the first theoretical knowledge of the business, and we have only carried into practice their precepts and teachings.

HIGH FARMING ON SIX ACRES.

KENANSVILLE, N. C. Oct. 18, 1869.

The following crops are raised on my place, of six acres, in the village of Kenansville, N. C. The land I bought in 1862; is of a sandy soil, no improvements on it at all; I improved the place a great deal since by hauling clay and muck, and draining it good. I planted on the place in Spring in 1863, 200 choice apple trees, 75 fine peach trees, 40 pear trees, 15 plum trees, 6 apricots, 10 fig trees, 1 English walnut, 21 scuppernong grape vines and 350 assorted bunch grapevines. I realize this year, so far of this ground

3 barrels radishes,	$15 00
5 " garden peas,	25 00
300 quarts strawberries,	85 00
2 barrels snap-beans,	75
5 " Irish potatoes,	30 00
150 bushels apples, from which I sold 20 bushels,	40 00
From 50 " I made apple butter,	150 00
Balance, I made 300 gallons vinegar, at 75 cents,	225 00
Did not make any peaches or pears this year.	
100 bush. sweet potatoes for my own use,	
50 " turnips, " " " "	
10 " corn, " " " "	
5 " peas, " " " "	
1500 lbs. bunch grapes,	$300 00
400 gallons scuppernong wine,	1000 00
Will sell about 15,000 strawberry plants,	90 00
and about $600 worth rooted grapevines,	600 00
Will make 400 gallons vinegar from grapes,	200 00
Sold preserves, jellies, pickles and syrups,	75 00
Res des that, I raised all my garden vegetables which I needed; used a great deal of fruit, grapes and got preserves and apple butter enough for the whole year. I raised and fed 14 hogs so far which will amount in all to about $300, and added to the other amount will be $2,600 75. And now the expenses,	
Interest, capital and tax,	$165 00
40 days work with mule and man,	67 50
3 ton commercial fertilizers,	150 00
200 cart loads home made compost. The whole of this work has been done by my sons Fred and Louis, first 16 years of age, the other 14 years. On account of my ill health, I could not do anything but superintend it.	
2 barrels crush sugar for making wine and preserves,	$82 75
10 wine barrels,	15 00
6 hogsheads for vinegar,	9 00
	429 25
Take off expenses from the assets will leave net proceeds,	2,171 10

A great credit is due to two of my sons who done the work faithfully and steady, and the result on their work gives them great satisfaction, and I hope that every young man will follow this example and our trodden down country will then rise up again to prosperity and happiness. We have got one of the finest soil and climate on American continent, all that it wants is to develope its resources and not wait any longer for outside help, we don't get in the next century.

I remain very respectfully,

HARD ON BULLOCK—AN UNINTENDED EXPOSURE.

WASHINGTON, Dec. 19.—A singular blunder occurred at the White House the other day. The Senate had called for documents in the case of Georgia, and among other papers transmitted was a letter written by a Georgia woman to the President, and which accidentally got into the official package. The error was not discovered until the message was printed, and now it has been recalled, and efforts are being made to gather up all the printed copies. This letter was a terriable raid upon Governor Bullock, and Senators could not understand why a Republican President should send such a document to a Republican Senate, until the matter was explained. The letter commences as follows:

"Listen to the appeal of a Georgia woman who speaks for Georgia when the voices of her men have to be silent. I have just read Governor Bullock's indictment against the people of Georgia. I hear he is in this city to present and enforce his demand on Congress."

After alluding to some of Governor Bullock's acts, the writer asks that he may be displaced by military authority, and says: "Give us a Governor that shall deal fairly and honorably with her people—a man we can honor, who fought bravely against us from principle—and not one, sir, who was too cowardly to fight for either side."

Further on the writer says: "Governor Bullock has private reasons for not wishing the Legislature to meet; he fears an investigation of the State funds; $35,000 made use of for private purposes will have to be accounted for, and he is exciting Congress against us as a cloak for his error."

The writer then recites a large number of crimes against the State of which she says Bullock has been guilty, and says all the powers of his office and position have been used thus far for false purposes, and concludes by again appealing for the appointment of General Terry as military Governor, and for an investigation of Governor Bullock's conduct. Although the document room and every committee room was carefully searched, they failed to find all the printed documents, and the secret cannot be hid.

Isaac C. Clift, of Mystic, Conn., is making sails for the Spanish gunboats recently seized in New York, at a cost of $30,000. This is the largest contract of the kind ever made in this country.

Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and colorless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

UPWARD AND ONWARD!!

WHY IS IT BEST TO INSURE IN THE

BROOKLYN LIFE?

BECAUSE,

AMONG OTHER REASONS, IT IS THE ONLY COMPANY IN THE UNITED STATES WHICH PRESENTS THE GREAT FEATURE OF GUARANTEEING DEFINITE

CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

ALL POLICIES

Are non-forfeitable after two full Annual Premiums have been paid.

The policy-holders of this Company may travel or reside where they choose—anywhere on the Globe.

The BROOKLYN LIFE has paid, and now pays to its policy-holders, LARGER DIVIDENDS than ever before paid by a Life Insurance Company.

DIVIDENDS ARE PAID IN CASH,

or applied to the permanent increase of the policy, or left with the Company to accumulate at interest, in either way, at the option of the policy-holder.

THE SENTINEL.

CITY AND STATE ITEMS.

THURSDAY, DECEMBER 23, 1869.

☞ THEO. N. RAMSAY, as Business Clerk, is authorised to make contracts and give receipts, &c., &c.

J. A. JONES, Bookseller is out with an announcement of Christmas presentation articles; beautifully bound books of Poems, Photograph Albums, standard Novels and various things, suited for holiday presents. We shall expect to hear of his making a nice present to some young lady, himself, as he is an unmarried man. He ought to.

Family residence and a Hotel for rent next year—J. H. Kirkham.

Attractive auction, on Xmas Eve, by J. M. Towles.

Beginning of next session of the University of N. C.—liberal offer, see advertisement.

MINIMUM CONSIDERATIONS for a large stock of choice family Groceries, Snuff, fire crackers, sole leather, and some of the genuine old New England invigorator, by Leach Brothers. "Low prices win."

FESTIVAL.—We acknowledge the courtesy of an invitation to a feast of reason and a flow of oysters and other good things, at the Hall of the Friends of Temperance, on Friday evening next, given by the Lady Associate Members of the Society, for which we return our thanks.

TWENTY FOUR INCH GUAGE.—Somebody has left an article of this sort at this office, for which we have no use; therefore the owner can get it by calling.

SERVANTS.—Families desirous of obtaining servants can find them by applying at Mr. Ennis's Book Store, near the Capitol. The females referred to, have lived many years with families in Philadelphia and elsewhere.

THE NEW MARKET HOUSE is drawing to completion. The outside work will soon be completed. The color selected for it, we think, is just the thing. When will the new clock be put in its place?

TURTLE SOUP.—We had almost forgotten all about Turtle Soup, it had been so long since we had heard of any, but Pepper and O'Connor have a fine "old salt" or two, which they intend to convert into that liquid ailment, to-day, to morrow and Saturday. They will furnish families to order, and have it on hand at their restaurant for customers at the usual hours.

NOTHING NEW.—We believe that Solomon knew what he was talking about when he said, "there is nothing new under the sun." But in saying this he did not mean to convey the idea that there were not, and never would be, any new combinations, or re-arrangement of the existent elements.—For instance, oysters existed no doubt in the days of Solomon, but whether he took his raw, stewed or "on the half shell," we have no intimation from his writings, but we should judge from his habits, that he generally took them raw.

We think, on the oyster question, we have had the advantage of Solomon, in that *we* have experimented with them in the way Backalan puts them up at Thiem's Restaurant, namely, in the shape of what he calls "mushroom oysters." We don't think Solomon ever tried any that way.—We are fond of them so. They are very good fixed in that manner. Nobody need be afraid to go there and order a plate of them, under the apprehension he may not like them, for he will.

GENERAL STAMPEDE.—A horse and a mule, the one hitched to G. T. Stronach's dray, and the other to a country market wagon, took it into their heads about the same time, (two o'clock, yesterday,) to have a little run-away frolic. So off they started—the horse down Wilmington street and the mule down Martin. Having run about a hundred yards through the mud, each became tired of the sport and stopped of his own accord. The respective drivers came up, found everything safe and sound, and drove them back gently to the starting point. We concluded they saw us passing and ran off only to give us an item. In other words, concluded to "knock around" a bit and get in the papers.

MORE INCENDIARISM.—The dwelling house, granary and stables, of Mr. R. H. Kingsbury, five miles from Oxford, were burned on the night of the 14th inst. A large tobacco barn was also fired, but was saved by the neighbors, who gathered in. An out-going tenant had left it the day before, and the incoming tenant had not moved in, so there was no one in it when burned.—It was clearly the work of an incendiary.—Loss $3,000, and no insurance.

PAID BY THE ÆTNA LIFE INSURANCE CO., through the hands of W. H. Crow, General Agent, for the State of N. C., and south of the James Two policies upon the life of J. A. Moore, of Raleigh, No. 17,296, $10,000; No. 19,416, $5,000. This is but another illustration added to the many already made known to the public, of what this old and reliable Company is doing in our State.

The following note is appended by permission:

MR. CROW:—Please accept my thanks for your untiring energy and perseverance in procuring for myself and child, the amount due us, from your Company, also my appreciation of your promptness and kindness in our behalf.

Very Respectfully,
MRS. JAMES A. MOORE.

The King of Prussia, on one of his late hunting excursions, was received under a triumphal arch made entirely of beer barrels.

U. S. CIRCUIT COURT—*Wednesday Dec. 22.*—Court met at 10 o'clock. R. M. Martin assignee of E. Fullings *vs.* J. M. Miller. Assumpsit; Bailey for Plaintiff; H. Jones for Defendants. The whole day until 5 P. M. was taken up in arguing this case. The case turned upon a set off claimed by defendant. The account sued on was contracted with Fullings and Springs, and defendant offered to prove by his own oath that Springs' deceased partner had agreed to accept his account against Springs as a set off. Evidence objected to as in conflict with Sec. 343 of the Code—ruled that the act of Congress must govern. After a verdict for defendant, plaintiff moved for judgment, *non obstante verdicto*, on the ground that the plea of set off would have been the subject of general demurrer—also a rule for a *venire de novo*, on the ground that the promise of Springs was nudum pactum. Rule discharged and motion over-ruled.

After taking a few judgments and making the usual entries on the docket, the Court adjourned at 6 o'clock.

BOOKS AND MAGAZINES.—We have on our table

The Report of the Secretary of the Smithsonion Institute for 1868;

Proceedings of the last meeting of the Stockholders of the W. C. & R. Railroad;

Patent office report, Agricultural Department, for 1868,

And a specimen copy of the "Young Reapers," a very neat little Sunday School paper, published by the American Baptist Publication Society.

We have also "The Riverside Magazine" for January 1870, an excellent Monthly for girls and boys, of elevated tone and unexceptionable in the character of its articles.

The "Reconstructed Farmer," monthly, for the farm, garden and household, Thigpen and Yancey, practical farmers, Tarboro', N. C., $2 per annum.

R. G. Ivey will very soon open a Grocery Store on the premises of W. G. Riddick about 8 miles Northeast of this city.

The business will be conducted by W. G. Riddick, as agent.

Persons can be supplied with everything in the grocery and provision line upon the most reasonable terms.

We clip the following from the Wilmington *Journal*:

THE EXHIBITION LAST NIGHT.—An overflowing house greeted the exhibition of the Deaf and Dumb and Blind pupils, under the direction of Prof. Palmer, at the Theatre last night. The building was crowded to its fullest capacity, and the most lively interest was manifest. The exercises of the Deaf and Dumb and the singing of the Blind were excellent, and excited much wonderment and called forth repeated applause. The pantomine was highly amusing, and kept the audience in a roar of laughter. The wonderful power of communication by signs displayed on the part of the deaf and dumb was here most strikingly as well as amusingly demonstrated. The whole exhibition passed off in an exceedingly creditable manner, and the thanks of the citizens are most justly due Mr. Palmer for his generous efforts for their entertainment, and to the pupils for the pleasure afforded; and we scarcely ever saw an audience so highly pleased. It was the largest assemblage witnessed in the Theatre for months.

We learn from the Wilmington *Star* that on Saturday last at a cart house just beyond the limits of the city, on the plank road, a dispute arose between a white man by the name of Charles Eagan and a colored man by the name of Allen Merrick, when the former in a fit of passion, struck the latter with a heavy stick, but not inflicting, as it was then thought, any serious injury. A warrant was issued however, for the arrest of Eagen on the charge of assault and battery, but the warrant was not executed for the reason that he had left the city and returned to his home in Onslow county, where he resides. It has now been ascertained that Merrick's injuries were much more severe than at first imagined and fears are entertained that he may not recover.

ARRESTED FOR ABANDONING HIS WIFE.—Joseph Windfield (col.) was arrested yesterday morning, by officer Hill, on the charge of abandoning his wife. He was taken before Justice McQuigg, who, upon the promise of the naughty husband that he would provide a home for his ill treated spouse and behave better in future, allowed him to do so, in the meantime sending an officer with him to see that he fulfilled his promise, and upon his doing so the case was dismissed.—*Wil. Star.*

THE TENNESSEE ELECTION.—*Nashville*, Dec. 20.—The returns of the vote on Saturday on the constitutional convention are meagre, and a small vote was polled; probably not over one-half of the voters went to the polls. The convention, however, will be carried, and will meet at the time provided in January.

DR. LAWRENCE'S

Highly Concentrated Compound

FLUID EXTRACT OF

Koskoo!

THE GREAT HEALTH RESTORER!

NOT A SECRET QUACK MEDICINE—FORMULA AROUND THE BOTTLE.

Prepared Solely by

J. J. LAWRENCE, M. D.

ORGANIC CHEMIST,

NORFOLK, VIRGINIA.

☞ Beware of Counterfeits. See that Dr. J. J. Lawrence, Chemist, Norfolk, Va., and the word KOSKOO, is BLOWN ON THE GLASS of each bottle. ☜

Koskoo is endorsed by the best physicians everywhere. Read the following from Dr. Tillery, a successful practitioner of many years standing in the Old North State:

Rocky Mount, Edgecombe Co., Sept. 10, 1869.

Dr. J. J. Lawrence—Dear Sir: I have used your Concentrated Fluid Extract of Koskoo in my practice with the *happiest results*. I find it to be a *powerful Liver Invigorator Blood Purifier* and *Nervous Tonic*. In all diseases of the Liver, Scrofulous Syphilitic, Nervous Affections, *it is a remedy of immense value*; in fact, in almost every variety of Chronic Disease its use is indicated. Hoping you may meet with the success which you deserve as a manufacturer of *reliable medicines*, I am sir, with much respect your obedient servant,

R. C. TILLERY, M. D.

From Dr. Pentress, an accomplished and experienced physician.

Princess Anne Court House, Va. Sept. 13, 1869.

J. J. Lawrence, M. D.—Dear Sir: I have carefully examined the formula, as well as the Therapeutic properties of your Koskoo compound, *and have prescribed it* in some *stubborn* cases of *Chronic Liver Affections Dyspepsia, General Debility, &c., and always with the most gratifying results*. I find it to be a splendid *Tonic Alterative, and Hepatic* combination, accomplishing its constitutional effects *without the slightest debility*; in fact *it gives fine support to the General system* while its alternative effects are being produced. *I cheerfully recommend its use to the public.* Yours, truly:

T. F. PENTRESS, M. D.

Koskoo cures Scrofula in its worst forms. From Mr. A. W. Mills, a prominent and well-known merchant of Norfolk, Va.:

No. 11, Main St., Norfolk, Va., Sept. 15, 1869.

Dr. Lawrence—Dear Sir: Your Koskoo has worked wonders in my family. My daughter has been a sufferer from *scrofula* since childhood. She lost thirty-one pieces of bone from her ankle, several from her arm, besides having ulcers in several parts of the body. Whilst in this condition she commenced taking your Koskoo—it acted like a charm on her—under its use the ulcers gradually healed, and her general health greatly improved. It certainly saved her much suffering, and perhaps her life. I regard Koskoo a specific for all scrofulous affections. Your Koskoo also cured my wife of dyspepsia, from which she suffered greatly. She is now in better health than she has been in five years.

With the highest regards, I am gratefully yours, &c., A. W. MILLS.

Koskoo, the Great Invigorator—Read the following from the Rev. Joseph E. Martin, pastor of Wesley Chapel, Portsmouth Va.:

"This is to certify that myself and wife have used Dr. Lawrence's Koskoo, and can testify to its beneficial effects. Previous to taking it we were in a condition of debility—had no appetite, and suffered from sudden and often violent attacks of headache and nervousness. Two bottles of Koskoo has improved our general health, and we regard it as invaluable, and most cheerfully recommend it to all who have need of an invigorator. Yours, &c.,

JOSEPH E. MARTIN.

KOSKOO!

CURES CHRONIC RHEUMATISM.

Norfolk, Virginia, September 7, 1869.

Dr. J. J. Lawrence—Dear Sir: My son has received so much benefit from your wonderful Koskoo that I cannot refrain from expressing my gratitude. I had tried almost everything without benefit. I believe, in all sincerity, that your Koskoo is an infallible Remedy for the disease from which he has suffered, and, so far as I can learn, has never failed. If you only knew the immense amount of suffering that he has undergone, then you could conceive the value of such a remedy as Koskoo—that surely cures. The great account of good it is now doing among us is inestimable.

With much gratitude, I am respectfully yours, &c., MRS. M. E. A. NELSON.

Dr. Lawrence—Dear Sir: Having been treated by several skilful physicians for Dyspepsia, Chronic Disease of Kidneys, General Debility, &c., without benefit, as a last resort I commenced the use of your Koskoo, and am pleased to say that under its use my health has been entirely restored.

I am, sir, with much respect your obedient servant, O. B. MEARS.

No. 5 Market St., Norfolk, Va., July 6, 1869.

Pacific, Franklin Co., N. C., Sept. 11, 1869.

This is to certify that for a long time I suffered very much from inaction of the liver and constipation of the bowels and tried several remedies, but received no benefit until I commenced taking Koskoo. I took the medicine about one month, and I was completely cured and have remained well. I know of several cures made by Koskoo, and can cordially recommend it as a good medicine. JOHN H. BAKER.

From Mr. Womble, a prominent hardware merchant of Norfolk:

No. 13 Market Square, Norfolk, Va., Oct. 25, 1869

Dr. Lawrence.—Dear Sir: To the large number of testimonials which you offer of the great efficacy of your Koskoo, I take pleasure in adding my own. I suffered greatly with Nervous Debility, Headache, Loss of Appetite, &c. Two bottles of Koskoo restored me to health.

Yours, truly,

J. G. WOMBLE.

From Rev. W. H. Christian, Pastor Dinwiddie Street Methodist Church:

Portsmouth, Va., October 25, 1869.

This is to certify that I know Dr. Lawrence well. He is a gentleman of cultivation, and worthy the fullest confidence. I have used his Koskoo with advantage to myself, and have adopted its use in my family in cases of nervous debility and depression.

W. H. CHRISTIAN.

From Rev. C. H. Wiley formerly State Supt. of Education.

Bristol, Tenn., Oct. 14, 1869.

I had seen by the papers what had been done by the Board of Education in North Carolina and was glad. I had ample reasons for my former recommendations in the use of the books in our schools.

These Books are Used by the Best Schools in the State.

Late Testimonials in Brief.

It affords me great pleasure to bestow on them my heartiest commendation. They are vastly superior to any other books of the kind I have yet seen.—W. H. Weatherbee, Prin. Class. and Math. School, Elizabeth City, Oct. 25, 1869.

Send me ten Davies' Intellectual Arithmetics for introduction. They are superior to any I have seen.—W. F. English, Mount Olive, Oct. 20, 1869.

I intend using the same books in my school as those used in the Common Schools. * * I am already using Monteith's Geographies.—John D. Johnson, Tarkinville, Sept. 28, 1869.

I am and have ever been an earnest advocate of uniformity in school books. The Board recommendations—Arithmetics and Geographies—are the best that could have been made.—H. H. Smith, Lincolnton, Sept. 29th, 1869.

Because these books are adopted by the State Board, as well as for the merits of the books themselves, we wish to introduce them, and use them exclusively in our school.—Rev. S. C. Alexander, Charlotte, Oct. 11, 1869.

Steele's "Nat. Philosophy" received. Am struck with its superiority to the other in many respects. As a class is waiting, substitute in my order Steele's Philosophy for first introduction.—G. W. Jewett, Wilmington, Oct. 14, 1869.

Davies' Mathematics was adopted by me in 1858, and up to this time I have examined no work superior to them. I have examined McNally's Geography and Peck's Ganot's Natural Philosophy. I consider them most excellent works and shall put them into my boys' hands at the earliest period.—J. E. Dugger, Prin. Male Academy, Warrenton.

It is my purpose to introduce Monteith's (No. 4) into my school. I give it the preference for the information which it gives on the subject of Physical Geography. The maps and questions in both works (Monteith and McNally) seem to me to be admirable.—Rev. Albert Smedes, D.D., Rector of St. Mary's, Raleigh.

The system of Geography—Monteith and McNally—I am well pleased with.—Rev. Wm. S. Lacy, Raleigh.

Davies' Arithmetics, Monteith's Geographies and the National Readers are too well known to require a word from me. Monteith and Davies are the best that I am acquainted with.—Prof. Frank Vaughan, Elizabeth City, Oct. 11, 1869.

I have waited patiently for the adoption by the Board of Education of this State of the books to be used in the public schools, and am much pleased to find that so many have been selected from the National Series.—Rev. W. L. Miller, Charlotte, Oct. 1, 1869.

Am much pleased with both the Spellers and all the readers; and as to the Series of Geographies, I have long used no others when these could be, obtained.—Dr. Wm. B. Harrell, Prin. High School, Snow Hill.

The introduction of so much valuable matter on the subjects of Physical Geography and Geology, and in a form so simple and intelligible makes it (Monteith's Intermediate Geography) in my judgment, a charming school book.—Col. Wm Bingham, Prin. Bingham School.

I design introducing McNally's Geography and Davies' University Arithmetic.—Dr. Close, Prin. Durham Academy.

Will introduce the University Arithmetic next term. An admirable work.—M. L. Little, Prin. Pleasant Hill Seminary, Newton.

Monteith's Geographies are excellent works, and I shall introduce them into my school.—Stinson Ivey, Prin. Auburn Academy.

The superior and durable style of binding of your works is a very great recommendation—one with which I have long been favorably impressed.—Prof. Wm. A. Obenchain, late Hillsboro' Military Academy.

I have introduced your National Series of Readers. We find them to be excellent, just suited to our purpose. With Davies' Mathematical series we have been long familiar, and can find no good reason for changing them. In the Primary Department we have Monteith's Geographies.—Rev. D. D. Bernheim, Prin. Female Seminary, Mount Pleasant.

The National Series of Readers and Spellers are the best with which I am acquainted. I shall henceforth use no others in my school. I use Davies. I consider his works incomparably superior in many respects. Monteith's Series afford a gradual but thorough and systematic progression.—Prof. Jos. R. Fox, President Staunton-burg Scientific High School.

I regard Monteith's Physical and Intermediate Geography as one of the best books of its kind. It has several points of superiority over most primary Geographies; Geography is here treated from the only true and rational standpoint, viz: of Geology and Physical Geography.—Prof. W. C. Kerr, State Geologist of North Carolina.

Mr. Taylor Johnson, Olive's Chapel, has introduced the National Readers, Monteith's Geographies, Davies Arithmetics, Clark's Grammars, etc.; Mr. John Franks, Grove P. O., has introduced the National Series throughout; Mr. W. A. Branch, New Hill P. O., uses the National Series throughout; Mr. Adolphus Rogers, Green Level P. O., uses the National Reader, Copy-Books, Monteith's Geographies, and York's Grammar; Mrs. Emma Bangham, Cary P. O., uses the National Series; Mr. H. C. Olive, New Hill P. O., introduced Monteith's Geographies. There are now at least 250 pupils in Wake and Chatham counties who are daily using the National Series of books, within my knowledge.—Prof. W. H. Mabrett, Chatham county, Sept 14, 1869.

I am glad to learn that some of your books are to be introduced into our State Schools.—Prof. J. M. M. Caldwell, Greensboro' High School, Oct. 23, 1869.

Distinguished Editors and Critics Praise Them.

The Series must prove acceptable. The structure of language is beautifully exhibited.—Fayetteville *Presbyterian*.

This firm will allow no competition in the price of books published by them which are among the best in the State.—Statesville *American*, 1868.

Have a reputation for merit unsurpassed.—Statesville *American*, 1869.

Peculiarly adapted to supply the wants we have long felt.—Greensboro' *Patriot*.

Have acknowledged superiority by the most competent judges.—Western *Sentinel*.

Davies is excellent in the first degree.—Wadesboro *Argus*.

Are excelled by none of the many used, and they are superior to most of them.—Newbern *Journal of Commerce*.

When we examine the bright pages of the National series, and think how we groped along the dry and uninteresting "task" of our boyhood, we are constrained to be envious of the happy pupils of the present.—Wilmington *Post*.

The National Series has attained probably a higher reputation than any other complete series of School Books now in existence.—Wilmington *Herald*.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

Knickerbocker,	$16,54
Equitable,	17,44
North America,	21,16
Brooklyn,	21,09
Universal,	27,34
John Hancock,	18,27
The National,	63,48
The Ætna,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a charitable source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,337 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
